

WELCOME Lifelong *learners*

Learning never exhausts the mind. Although many may be tired of the ongoing pandemic and the many changes it has brought to our lives, Biddeford Adult Education continues to provide opportunities to grow and have fun while we learn. The beautiful thing about learning is that nobody can take it away from you. Our spring classes are offering some of the familiar courses and also some new ones. We will continue to offer our traditional courses for those seeking to complete their high school diploma. But we don't stop there. There are a number of courses to improve required workforce skills, start a new career, or go onto college. Within our community, there are so many pathways available to lead you to success. Let's not forget, even our enrichment courses may lead you on a path you were not expecting. Participating in our classes may also lead to new friendships and opportunities that may surprise you. So whatever your goals or interests are, we hope you take advantage of what we have to offer.

If you would like to see a particular offering in the future, let us know and we will try to make it happen. We are "holding a seat" with your name on it. We look forward to serving our community and if you have any questions about the offerings, please contact us.

Best Regards,

Paulette Borneau

Director
